

THE TOGETHER GROUP

BOWCLIFFE HALL

Ballroom, The Blackburn Wing and Offices
Full refurbishment of the existing Grand Ballroom to a very high specification.

The design of The Blackburn wing was based on an aircraft wing. Furniture within the facility was made using parts from aircraft.

The Pavilion had been demolished allowing TTG to rebuild a new timber framed structure which is now used as offices.

Rosemount cottage was completely re-developed to create beautiful offices with a more relaxed, countryside feel.

Client: Bowcliffe Hall
Value: £500,000
