SWAIN HOUSE PRIMARY

STANBURY PRIMARY SCHOOL

BOOTHROYD PRIMARY SCHOOL

THE TOGETHER GROUP

OTHER SUCCESSFUL SCHOOL PROJECTS COMPLETED BY THE TOGETHER GROUP.

This project required the non structural demolition of existing walls in the Art Block to form new Art classroom and changing facilities. In addition we performed non structural demolition of existing walls in Maths and English blocks to form increased capacity classrooms.

The internal re-modelling and refurbishment of a classroom to include new suspended ceilings, new flooring throughout and the installation of interactive smartboards.

Main corridor refurbishment works undertaken and completed during the summer holidays. The removal, refurbishment and reinstatement of over 300 square meters of ceilings and associated services and the refurbishment of several classrooms all completed within 4 weeks during the summer holidays. the project originally had 6 weeks allocated to it but due to extended asbestos works, the refurbishment had to be fitted into 4 weeks.

The internal re-modelling and refurbishment of a classroom to provide a kitchen facility area.

The cloakroom area was also updated to provide dedicated space for all the children to safely store their personal belongings.
